

SANITIZED® TILE & GROUT CLEANER

DESCRIPTION

Davco *Sanitized*® Tile & Grout Cleaner is a specially formulated product providing deep cleaning action without being harsh on the tiles.

USES

- *Sanitized*® Tile & Grout Cleaner can be used to clean ceramic, mosaic, quarry and slate tile surfaces.
- It can also be used to clean concrete, stone, masonry and brick surfaces.
- Cleaning grout haze from ceramic tiles.

FEATURES AND BENEFITS

- Fast acting, enabling easy removal of latex, epoxy and cement grout haze from tile surface.
- A careful combination of surfactants and other chemicals loosens and lifts soil, soap scum, mould and mildew.
- Can be diluted with water for normal cleansing.
- The specially formulated chemicals in *Sanitized*® Tile & Grout Cleaner are non-corrosive on chrome or aluminium fittings, fixtures and fibreglass tubs.

APPLICATION

Note: Before using this product, test to make sure the glazed tiles are not affected during cleaning. Put 2-3 drops on a small inconspicuous area of a tile, wait about 15 minutes, rinse well, dry and examine. Saturate grout joints with water before applying *Sanitized*® Tile & Grout Cleaner.

Normal Tile Cleaning:

- Apply *Sanitized*® Tile & Grout Cleaner directly onto the surface with a sponge or a scrubbing brush. Allow to soak for 10 minutes. Rinse off twice with warm/hot clean water.

Concrete, Slate, Brick or Masonry:

- Apply *Sanitized*® Tile & Grout Cleaner directly onto the surface and scrub into the surface with a brush or broom. Allow to soak for 10 minutes. Scrub again and rinse off twice with warm/hot clean water.

Heavy Soiling or Staining:

- Apply *Sanitized*® Tile & Grout Cleaner directly onto the surface. Scrub into joints with stiff brush. Allow to soak for 10 minutes. Rinse off twice with warm/hot clean water.
- Do not use in conjunction with any other detergents during cleaning or rinsing off.

PRECAUTIONS

- Avoid prolonged contact with porcelain fixtures, sinks or tubs.
- Wash spillage promptly with clean water.
- Do not use on polished marble, bronze or metallic glazed tiles.
- When using *Sanitized*® Tile & Grout Cleaner, wear PVC or similar gloves and safety goggles.
- Do not use in confined spaces or near naked flames. Ensure good ventilation is present when using.
- For a full MSDS on this product contact your ParexDavco (Australia) Pty Limited state office.

COVERAGE

Sanitized® Tile & Grout Cleaner will clean approximately 5-10m² per litre depending upon surface porosity and site conditions
